

DRAMA OF THE AGES

FLY THROUGH HISTORY WITH THE ANCIENT BOOK

22. CHURCH IN THE WILDERNESS

Now not all by far of the early church went into this apostasy, many of the far flung places such as the far east, the middle east and the isle of Ireland and Briton had the apostolic message AND the true Bible.

Also from the area of Rome, many who would not yield their faith, fled into the mountains and there through all the years of darkness maintained their true faith and the true Bible.

They were called Waldenses, the people of the valleys.

This was foretold by the prophecy that the true church would be given wings like an eagle to flee into the wilderness where God would take care of her for 1260 years. (Revelation 12)
